

**Roy & Dora Whitman Academy**  
**Secondary School Supply List for Fall 2017**

Backpack
Lunch Box
Water Bottle
Pencil Sharpener (good quality)
Pencil Case
Pencils – box of 12 (of course students will need more during the year and are responsible to have pencils all year long ☺)
Erasers -
A combination or key lock for the locker (optional)
Set of Markers and Set of Colored Pencils
3X5 index cards -3 packages
Red Pens for correcting and editing – These are VERY IMPORTANT
Black/blue pens for assignments
Packet of sheet protectors
Packages of loose leaf lined, ruled paper
General subject notebooks
White Out
Yellow Highlighter
30 cm ruler
Flash Drive – Student name should be <b>clearly marked</b> on the USB.
<b>For math classes Algebra 1 and higher</b> – Graphing Calculator with student’s name clearly marked on the calculator – REQUIRED Please purchase the <b>Texas Instrument’s TI84 Silver Plus</b> . This will enable all students to have the same calculator. This calculator is expensive, BUT it will be used in all math and science classes for high school and can also be used in college.
<b>For students taking Biology</b> – Set of dividers for use in a binder that is just for Biology class. In general, students should have at least one ring binder or other type of paper organizer, loose-leaf lined notebook paper, several spiral bound notebooks and folders for organization purposes.
<b>The school will supply any specialized subject notebooks required by the teachers</b>

Note: A calculator is needed for all science and math classes at R&DWA. If your student has already completed his math requirement and does not have a graphing calculator, then he could purchase a Scientific Calculator for use in the science classes.

However, if your child is still taking math classes at R&DWA, then he **MUST** have a graphing calculator.

**A laptop is strongly recommended.**

**Please mark all items with your child’s name.**
